Important Information about Procedures for Opening a New Account

To help the government fight the funding of terrorism and money laundering activities, financial institutions are required by Federal law to obtain, verify, and record information that identifies each individual or entity that opens an account or requests credit.

What this means for individuals: *When an individual opens an account, we will ask for their name, residence address, date of birth, tax identification number, employment details, and other information that will allow us to identify you. We may also ask to see a driver's license, passport or other identifying documents. We may also use third party service providers to verify for identity based on information provided by you.*

What this means for other legal entities: *When a corporation, partnership, or other legal entity opens an account or requests credit, we will ask for the entity's name, physical address, tax identification number, and other information that will allow us to identify the entity. We may also ask to see other identifying documents, such as certified articles of incorporation, or partnership agreements.*

EACH time an account is opened for a covered Legal Entity, we are required to ask you for identifying information (name, address, date of birth, social security number as well as identification documents) for:

- *Each individual that has beneficial ownership (25% or more); and,*
- *One individual that has significant managerial control, of the Legal Entity*

If you are opening an account on behalf of a Legal Entity, you will be required to provide the appropriate documentation and to certify that this information is true and accurate to the best of your knowledge.

In addition, in accordance with the Unlawful Internet Gambling Enforcement Act, transactions associated with unlawful internet gambling are prohibited. Specifically, the Act "prohibits any person engaged in the business of betting or wagering from knowingly accepting payments in connection with the participation of another person in unlawful internet gambling." Other Features of Money Market Deposit Accounts

a. **Interest Rate:** Interest rate on this account may vary from time to time. The Bank reserves the right to change the rate at any time. There is no limitation as to the percentage amount the interest rate may vary. You may call the Bank at (312) 621 1200 Ext 253 or visit our website <https://sbichicago.statebank> for information on the current APY / rate of interest.

b. **Payment of Interest:** Interest will accrue on your day-end balance. Interest is calculated monthly and will be credited to the account at monthly intervals usually at the close of business on 15th of every month or on the previous business day if the interest application day happens to be a Saturday, Sunday or a legal holiday and will be made available to you on next business day. There is no minimum balance required to be maintained to earn the stated annual percentage yield.

For non cash deposits made into your account (for example checks) interest begins to accrue no later than the business day we receive credit for the deposit of the non cash items.

If the account is closed during the middle of a month, accrued interest will be credited and paid. Accrued interest will be credited to your account prior to closing the same.

c. **Compounding Method:** Your Money Market Deposit Account earns simple interest which accrues daily based on the end-of-the-day balance. The daily balance method will be used to calculate the interest on the account. This method applies a daily periodic rate to the principal in the account each day. Although interest accrues daily, you may not be allowed to withdraw the earnings until the interest is credited to your account and made available to you on the next business day, provided the account is not closed. If not withdrawn, interest is added to and becomes part of the account balance. Since interest is added to your total account balance, any credited interest which remains in the account is, effectively, compounded monthly.

d. **Annual Percentage Yield:** The annual percentage yield earned (APY) for the statement period will be advised with each monthly statement of account.

e. Withdrawals - Limit on Transfers:

A maximum of 6 transfers or withdrawals or a combination of such transfers or withdrawals, are permitted during a calendar month or statement cycle of at least four weeks, such transfers or withdrawals include but not limited to checks, ACH or debit card transactions or cash withdrawals at our teller counters. - Should more than six transfers or cash withdrawals be effected in a month, an excess check writing fee (see "Schedule of Fees & Charges") will be levied per excess check/ACH debit or transfer.

For checks over \$3,000 the Bank reserves the right to ask a payee to deposit the check in a bank account, unless you have given a prior written request that we cash the check and we have agreed to your request.

h. **Stop Payment Order:** A stop payment instruction should be accompanied with a letter of indemnity signed by the account holder, holders for value, etc.

Any one of the account holders can instruct us in writing to stop payment on any check unless it has already been paid. In respect of a certified check or cashier's/official check, the remitter or payee can instruct us, at any time after 90 days from the date of issue, for reasons such as instrument destroyed, lost or in wrongful possession of an unknown person, or a person that cannot be found or is not amenable to service of process, if the check has not already been paid.

With respect to the transactions done using a debit card, generally, the Bank is not permitted to allow a debit cardholder to cancel a hold within MasterCard limits for Transactions that were authorized by the Card Holder but the cardholder is permitted to cancel, or place a stop payment, on a pre-authorized transaction scheduled to occur at regular intervals, such as a monthly utility payment or loan installment. Before requesting the Bank for stopping a recurring payment, the cardholder should take up with the merchant/ beneficiary for cancelling/ stopping such payment. The Bank may require details of such request made to the merchant/ beneficiary for acting upon cardholder's request. The Card Holder must give the Bank written instructions to cancel or stop such a payment at least three (3) days prior to the scheduled debit.

The stop order takes effect when it is recorded on your account. While instructing us to stop payment any check, please give us the check number, the amount, the date of issue and the name of the beneficiary. In case of a pre-authorized recurring transaction, we will need the amount, the scheduled date of the debit, name of the beneficiary and mode of transaction viz. ACH or debit card. In the absence of complete and correct particulars, the stop order would be ineffective.

An oral order is binding upon the Bank only for fourteen days unless confirmed in writing within that period. A written order is effective for only six months unless renewed in writing.

If you apply for a duplicate official check or a refund within 180 days of the date of the check, the Bank would require you and the payee to jointly sign an affidavit of loss and indemnity, referred to as Indemnity Agreement. You may also be required to submit a Surety Bond for twice the amount of the instrument or to place sufficient funds as security with us. After 180 days, an affidavit of loss and indemnity alone may suffice.

A fee (see "Schedule of Fees & Charges") will be charged for each stop payment request.

i. **Your Records:** Your cancelled check(s) or substitute check(s), copies of special withdrawal form(s) and acknowledgment on deposit slip(s) are your records. Paid and cancelled checks or substitute checks will be mailed with the statement of accounts to U.S. based customers. The cancelled checks or substitute checks for non- U.S. based accounts will normally be retained by the Bank.

j. **Statement of Account:** Savings, checking and Money Market Deposit accounts are statement accounts. For all active **statement** accounts (that is, accounts which are not inactive or dormant as explained in 7.1) at least once in a calendar month, we will send a statement showing all account activities during the previous statement period. This statement

will indicate your balance on the statement date and will give you an itemized, date-wise listing of all credits, all paid checks/ transfers, transactions put through using the linked debit card, interest earned, and any maintenance and service charges levied. It will also indicate the annual percentage yield **earned (APYE)** in effect during the period, if the account is interest bearing. All statements will be mailed to the last address known to the Bank by regular mail. For additional statements and other modes of sending statements, charges will be extra. No periodical account statements will be sent on CD accounts.

k. **Account Discrepancies:** You must examine your statement of account and paid checks promptly and notify the Bank within 14 days, from the date of receipt of statement, of any discrepancies. If the discrepancy concerns an electronic funds transfer (e.g., Social Security credits, debit card or ACH transactions), then this notification should be made within 60 days of the bank's transmittal of the statement. If we do not hear from you within this period, we will assume that the statement is correct.

Failure to examine your monthly statement and not reporting discrepancies to the Bank may also adversely affect your legal rights. For example, if you fail to notify us promptly on a forged check, you may lose your right to be reimbursed for a similar forgery, should one occur at a later date.

The Bank shall have the right to debit your account to recover any funds erroneously credited and to make good any shortfall from any other account you may have with us. If there is still a shortfall you agree to repay us the amount. Interest paid on the erroneous credit will also be recovered. Further the Bank shall have right to recover funds from you if your account does not have sufficient funds to honor a pre-authorized transaction done at the merchant establishment using your debit card or on account of other such transactions done using your debit card. Any 2 occurrences of your account having non-sufficient funds to cover a pre-approved / authorized debit card transaction will lead to closure of your account and cancellation of the linked debit card facility.

For account discrepancies you may call us at (312)621-1200 Ex 252.

IMPORTANT INFORMATION ABOUT YOUR CHECKING ACCOUNT

Substitute Checks and Your Rights

What is a substitute check?

To make check processing faster, federal law permits banks to replace original checks with "substitute checks." These checks are similar to original checks with a slightly reduced image of the front and back of the original check. The front of a substitute check states: "This is a legal copy of your check. You can use it the same way you would use the original check." You may use a substitute check as proof of payment just like the original check. Some or all of the checks that you receive back from us may be substitute checks. This notice describes rights you have when you receive substitute checks from us. The rights in this notice do not apply to original checks or to electronic debits to your account. However, you have rights under other law with respect to those transactions.

What are your rights regarding substitute check?

In certain cases, federal law provides a special procedure that allows you to request a refund for losses you suffer if a substitute check is posted to your account (for example, if you think that we withdrew the wrong amount from your account or that we withdrew money from your account more than once for the same check). The losses you may attempt to recover under this procedure may include the amount that was withdrawn from your account and fees that were charged as a result of the withdrawal (for example, bounced check fees).

The amount of your refund under this procedure is limited to the amount of your loss or the amount of the substitute check, whichever is less. You also are entitled to interest on the amount of your refund if your account is an interest-bearing account. If your loss exceeds the amount of the substitute check, you may be able to recover additional amounts under other law.

If you use this procedure, you may receive up to \$2,500 of your refund (plus interest if your account earns interest) within 10 business days after we received your claim and the remainder of your refund (plus interest if your account earns interest) not later than 45 calendar days after we received your claim.

We may reverse the refund (including any interest on the refund) if we later are able to demonstrate that the substitute check was correctly posted to your account.

How can you make a claim for a refund?

If you believe that you have suffered a loss relating to a substitute check that you received and that was posted to your account, please contact us by phone at (312)621-1200 Ext-252 or by mail at our above mailing address or by email at pb.chicago@statebank.com. You must contact us within 40 calendar days of the date that we mailed (or otherwise delivered by a means to which you agreed) the substitute check in question or the account statement showing that the substitute check was posted to your account, whichever is later. We may extend this time period if you were not able to make a timely claim because of extraordinary circumstances.

Your claim must be made in writing on the prescribed form, be signed by you and include:

A description of why you have suffered a loss (e.g. you think the amount withdrawn was incorrect);

An estimate of the amount of your loss;

An explanation of why the substitute check you received is insufficient to confirm that you suffered a loss; and

A copy of the substitute check [and/or] the following information to help us identify the substitute check:(identifying information, for example the check number, the name of the person to whom you wrote the check, the amount of the check). [Both a legible copy of the substitute check and the details are preferred for an early response from the Bank]

6. CERTIFICATE OF DEPOSIT

6.1 A Certificate of Deposit earns a fixed rate of interest when an amount of money (principal) is left in deposit with the Bank for a fixed period (a fixed number of days, months or years). After an account is opened, you may not make deposits into or withdraw from this account until the maturity date. We may (at our discretion) permit withdrawal of the principal before the maturity date. This would, however, attract a penalty. Refer to "Penalty for Early Withdrawal of Principal" (Para 6.10).

6.2 We offer Certificate of Deposit (CD) of varying maturities:

- Short term CDs ranging from 3 months to 1 year.
- Long term CDs ranging from 2 to 5 years.

6.3 **Senior Citizen Certificate of Deposit:** This is a product variant of certificate of deposit specifically available to customers who are aged 60 years and above. These accounts can be either opened as Single or Joint deposits. We offer Senior Citizen CD with maturities from 1 year to 5 years. The product is available to US Citizens, Permanent Residents and Resident Aliens.

6.5 **Interest Rate:** The interest rate earned on a Certificate of Deposit will be a guaranteed fixed rate for the term of the CD. This rate is determined by the Bank, based on market conditions, at the time the account is opened or renewed.

Presently we are not offering floating rate Certificate of Deposits. For current rate information, you may visit our website <https://sbichicago.statebank> or call (312)621-1200 Ext- 252

6.6 Annual Percentage Yield (APY): Our Certificates of Deposit are offered on simple interest (also called non-cumulative interest) and compound interest (also called cumulative interest) basis, depending upon your choice.

In case of CDs which carry a simple rate of interest, there will not be any difference in the interest rate (also called Annual Percentage Rate, or APR) and the Annual Percentage Yield (APY).

In case of CDs where interest is compounded, the Annual Percentage Yield measures the total amount of interest paid on the account in a year based on the interest rate and the frequency of compounding, which is monthly.

6.7 Compounding Period/Payment of Interest: The interest is compounded and credited monthly. If you choose to receive simple interest (non-cumulative) on your Certificate of Deposit, you may opt to withdraw the interest at monthly, quarterly, half-yearly or yearly intervals, at the time of opening or renewing the CD, provided the deposit is for one year or more. More frequent withdrawals of interest may be permitted at Bank's discretion in respect of Jumbo CDs. For CDs of less than six months, the simple interest is paid at maturity.

If you choose to receive compounded interest on your Certificate of Deposit, interest will be compounded at monthly intervals and will be paid along with the principal at the time of maturity. This option is only available for CDs of six month or higher maturities. For non-cash deposits made into your account (for example checks) interest begins to accrue no later than the business day we receive credit for the deposit of the non-cash items.

6.8 Interest Payment Method: While opening the Certificate of Deposit, you may opt to receive the periodical interest payments by any one of the following:

- through ACH transfer to your designated bank account
- In your Savings, Checking or Money Market Deposit account with us.

If you opt to receive compounded interest (cumulative), we will pay you interest along with the principal at the time of maturity of the CD.

6.9 Minimum Balance Requirement: The minimum amount required for each Certificate of Deposit and earn the declared APY is \$2,500/-

6.9(a). Minimum Period Required: The minimum period for which we accept CDs is 3 months. (Penalties apply in all cases of premature encashment).

6.10 Early Withdrawal Penalty: The principal amount of deposit cannot usually be withdrawn before the Certificate of Deposit matures, unless the Bank consents to the withdrawal as a special case. The Bank would require all holders of a joint account to authorize a premature withdrawal of principal from Certificate of Deposit account. In all premature withdrawals, you will incur a penalty as mentioned below. Partial withdrawal is not permitted.

Penalty for Early Withdrawal of Principal

Original Deposit Period	No. of Days Interest as Penalty
3 months to less than one year	30 days
1 year to less than 3 years	90 days
3 years and above	180 days

The penalty will be calculated at the same interest rate at which the Certificate of Deposit has been issued. Payment of penalty may result in a reduction of principal (penalty will be applied regardless of how long the funds have been on deposit).

A penalty will not be charged if the premature withdrawal is caused by the death of the depositor or when the depositor is declared legally incompetent.

6.11 Renewal: We will send you a notice not less than 14 days and not more than 30 days prior to the maturity date.

If we do not hear from you, and unless you had specifically advised us against automatic renewal when you opened the CD, we will automatically renew the Certificate of Deposit (principal and earned interest) for a period equal to the existing term or for a maximum period of one year (in case of Certificates of Deposit with maturities greater than 1 year) at the rate offered for that term on the date the CD matured. If that term is no longer available, the Bank, at its discretion, will renew the CD for the nearest term, at the interest rate offered for that term on the relevant date.

In the absence of your instruction for disposal of the maturity proceeds (where automatic renewal option has been declined), the maturity amount will be placed in a non-interest bearing account.

Certificates of Deposit that were automatically renewed have a ten-calendar-day grace period (including the date of maturity). During the grace period, you may withdraw the amount of your deposit without incurring a premature withdrawal penalty. However, no interest will be paid from the date of maturity till date of such withdrawal. If you choose to renew your deposit, you may provide renewal instructions over mail/online secure messaging during this grace period of ten calendar days. Telephonic instructions will be accepted for renewal of CD if there are no changes in the renewal terms-amount and tenor.

Please, however, note that written instructions for withdrawal should be received by us within the grace period.

Certificates of Deposit that mature on Saturdays, Sundays or federal holidays will be available for withdrawal on the next business day and interest will be paid till the previous day of the date of payment.

6.12 Tax Reporting: A report on the interest of \$10 or more earned by you on your Certificates of Deposit will be sent to the Internal Revenue Service for the year in which the interest is paid / compounded along with a copy to you. Where simple interest is paid only at the time of maturity, this reporting will be done in the year the CD matures.

Certificates of Deposit cannot be negotiated or transferred to another individual or corporation.

7. ADDITIONAL INFORMATION ON DEPOSIT ACCOUNTS

7.1 Inactive Accounts

An account in which there has been no transaction for one year is considered inactive and an account in which there has been no transaction for three years is considered dormant. An account in which there has been no activity or written correspondence from the account holder for three consecutive years is considered an abandoned property under Illinois State Law. (This period may vary for other states in the United States. For non-U.S. customers, Illinois State Law will apply.)

Certificate of Deposit, which renew automatically, are deemed abandoned when there is no depositor contact for three years after the first maturity date following the last depositor contact. Funds in abandoned accounts are required to be turned over to the State (i.e. escheated), Information about property escheated to the State of Illinois may be obtained from the Office of the Treasurer of the State of Illinois or visit <https://icash.illinois.gov/> and follow a three step process or call (217) 785-6998 for assistance. At your request, we will provide you with the required data to process your claim. Before surrendering the funds to the State of Illinois, we will notify you at your last recorded address and may also publish a notice in a newspaper in Illinois, if required by law.

7.2 Interest Withholding: Interest paid to you would be subject to backup withholding if:

- You have not given us your taxpayer identification number in the required manner,
- The IRS has notified us that the taxpayer identification number you provided is incorrect,
- The IRS has notified us to start withholding on interest because you had not reported all of your interest income in prior Years; or
- You have not certified, when required, that you were not subject to backup withholding on interest.

Interest could also be withheld if you are a Non-Resident Alien (NRA) not doing business in the United States, if you fail to furnish us the required Non Resident Alien certification form (Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding (Form W-8 BEN), as prescribed in the law. Refer to the "Important Tax Information" section in this manual for additional information.

The backup withholding rate was 28% in 2014. For current rate, please refer to the IRS website (www.irs.gov).

7.4 Interest Reporting: We are required by law to report to the Internal Revenue Service, all interest of \$10 or more earned by you during a calendar year. At the beginning of the calendar year, we will advise you on Form 1099, the total amount of interest credited /paid during the previous year, any amount withheld and any interest penalty due to early withdrawal. These statements are not sent to Non-Resident Aliens.

Interest will be reported for tax purposes in the name and Social Security Number (SSN) or Employer Identification Number (EIN) of the primary depositor, i.e., the first name on the account in case of a joint account. If such first account holder does not have SSN or EIN, interest reporting will be done on the subsequent account holder who has SSN or EIN.

7.5 Restricted Access to Accounts: Restrictions may be placed on funds assigned as collateral for Bank's loan to you or where you are a co-obligant. Such interest bearing accounts will, however, continue to earn interest. If all or part of your deposits is attached in connection with a legal action, such funds would be kept separately and would earn no interest, nor will such accounts be considered as part of the balance for determining service charges. Your deposits may also be seized by the United States Government or State Government. No interest would be payable even if such funds are subsequently returned to you.

7.6 Designation of Beneficiaries: Consumer account holders may designate up to four primary beneficiaries on their accounts to whom the balance in their account would be payable upon their death. The following points should be borne in mind while designating beneficiaries:

- a. The prescribed form (Form DoB) must be used to designate beneficiary/ies.
- b. In case of joint accounts, all account holders must sign Form DoB. In such cases, the balance will be payable to the beneficiary/ies only upon the death of both or all the accountholders.
- c. If needed, one contingent beneficiary can also be designated, to whom the balance would be payable if the primary beneficiary/ies predecease the accountholders.

7.7 Deceased Accounts: All checks written on an account will be honored until we are advised in writing of the death of an account holder. On receipt of such notice the account will be blocked.

The documents listed below are required to enable us to pay the balance in Individual Account(s)

If the assets of a deceased account holder's estate exceed \$10,000 or if an Executor or Administrator has been appointed by a Court, the balance in the account(s) will be paid only to the appointed Executor or Administrator, on production of:

- i. Certified copy of the Death Certificate with the raised seal.
- ii. Certified copy of Letter of Administration or Letters testamentary.

The funds in the account(s) will be paid to the survivor(s) on production of a certified copy of the Death Certificate.

Our policy is to make funds you deposit into your SBI account(s) available for withdrawal based upon the type of deposit or check, and the location of the bank on which the check is drawn. The funds are made available within the period of time specified by Federal Regulations.

You can use the chart in this Manual to tell when your deposit will be available. To use this chart, first read the following questions and answers.

8.2. What is the Day of Deposit?

For determining the availability of your deposits, every day is a business day except Saturdays, Sundays, and Federal holidays. If you make a deposit before 4.00 P.M. on a business day that we are open, we will consider that day to be the day of your deposit. If you make a deposit after that time, we will consider that the deposit was made on the next business day that we are open.

8.3. Are You a New SBI Customer?

If you have been banking with SBI for 30 days or less, you are considered a new customer and special rules apply to you regarding funds availability.

8.4. What is the Type of Deposit?

The hold period or the number of days applicable for making available the funds depends on the type of deposit you make (such as cash, a check drawn on SBI Chicago, a check drawn on another bank/branch, or cashier’s check).

8.5. What Items are Available on the Same Day?

Cash deposits and checks drawn on SBI Chicago, NY and LA branches where your account is held and official, Certified, Cashier’s and Tellers’s checks will be made available to you on the day of the deposit into your account, provided the checks mentioned above are made payable to you and are tendered in person at our branch.

8.8 Exceptions to the Availability Schedules in the Chart

New Accounts: For the first 30 calendar days after your account has been opened, any check covered by items 3 of the chart will be available to you on the 8th business day after the day of the deposit.

Other Exceptions: Funds availability in respect of items 3 of the chart may be delayed beyond the time periods specified for their normal availability for any of the following reasons:

- If you redeposit a check that has been returned unpaid for insufficient funds.
- If you deposit checks totaling more than \$5,525 on any one business day. This exception can also be invoked for checks covered in item 2 of the chart.
- If you have repeatedly overdrawn your account in the last 6 months, i. e., (i) on six or more business days on which we are open during the last 6 months or (ii) on two or more business days on which we were open during the last 6 months with an overdraft equal to or exceeding \$5,300 each time. For this purpose, your account will be considered overdrawn even if checks issued by you, which would have resulted in an overdraft of \$5,300 or more, had they been paid, were actually returned unpaid.
- There is an emergency such as a failure of communications, or computer equipment, or war, or suspension of payment by another bank.
- Funds availability in respect of FRB and Federal Home Loan Bank checks, certified, cashier's, teller's and official checks, as well as in respect of items 3 of the chart, may be delayed beyond the time periods specified for their normal availability, if we believe that a check deposited for credit of your account will not be paid.
We should normally be able to facilitate draws against the deposits made by you in the timeframe mentioned above. If we are not able to do so due to some reasons, we shall advise you:
 - immediately on your placing the deposit, if you placed the deposit in the bank at our counter and are still there;
 - by mail, one day later, if it was not done directly or if we took the decision after you left the premises; or
 - If we came to know of handicaps/defects subsequently, by mail, one day after our coming to know of such handicaps.

Generally, funds should be available no later than five business days from the day of their normal availability unless an emergency condition arises, when availability position is unknown.

Our Right to accept or Reject a Check for Deposit: Our aforesaid policy and schedules do not affect our right to accept or reject a check for deposit. **Policy Changes:** We will notify you of any policy changes which may affect the time it takes to clear checks.

SUMMARY OF STATE BANK OF INDIA CHICAGO POLICY

c. Activation: Prior to using, the Card must be activated through the Voice Response Unit (VRU) utilizing the telephone number listed in the sticker attached to the new Debit Card or by using the Card and the associated PIN at an ATM.

d. PIN Security: The PIN is the Card Holder’s electronic signature. It shall be kept confidential. The Card Holder should memorize the PIN, and a written record of the PIN should not be kept in any form or disclosed to a third party. The security of the PIN is the Card Holder’s responsibility.

e. Funds : The Card Holder will maintain sufficient funds in the Account as necessary to cover any transactions at the time they are initiated. The Card Holder should not use or attempt to use the Card without sufficient funds in the Account. In the event of payment/debit made in excess of the balance available in the Account, Card Holder will be responsible to the Bank for the amount of any transaction completed, and will also be responsible to the Bank for the Service Fee disclosed in the Schedule of Fees and Charges.

f Periodic Statements: Periodic Statements of the Account will be sent to the Card Holder.

g. Expiration/Renewal: The Card is valid up to the last day of the month/year indicated on the Card. A renewal Card shall be sent by the Bank before the expiry of the Card at the discretion of the Bank. The Bank reserves the sole right to renew the Card account on expiry. The Card Holder is responsible for destroying the expired Card. Unless we are notified in writing otherwise, re-issued cards will be sent to your last known address according to the records of the Bank.

h. Transfer types and Limitations: The Debit Card can be used in USA and India only. Usage of cards in any other country for a temporary period may be permitted as per discretion of the Bank. You are required to submit a signed request before for allowing transactions in countries except US and India. Bank reserves the right to allow or decline such requests due to regulatory and policy considerations. The Card is accepted at electronic Point-of-Sale (POS) terminals at stores and vendors (Merchant Establishments) displaying MasterCard or STAR logos. The Card is accepted at STAR Network ATMs and may be accepted at ATMs operated by other banks or financial institutions. The Card may be used to make purchases at an electronic Point-of-Sale terminal, to pay bills directly by telephone, internet, or other means, or to make other such electronic transfers from an account. The Card may be used to withdraw cash from the Account, transfer funds between Accounts, and obtain Account balance information. Card Holder is entitled to receive a receipt of ATM Transactions containing sufficient information to identify the transaction and the terminal used. You cannot deposit cash or checks at ATMs. The Bank will have no liability if you deposit cash or checks at an ATM.

i. Daily Use Limits: A Card Holder may use the Card to make purchases up to \$2000.00 per day at Merchant Establishments or such other limits as the Bank may establish from time to time. The Bank may lower these limits in case of a technical failure. A Card Holder may withdraw up to \$1000.00 per day at ATMs. The Bank reserves the right to lower this limit in case of a technical failure.

j. Debit-card clearing: Debit-card Transactions may clear the Account differently than checks and traditional ATM card transactions. Because these transactions clear differently, the Card Holders should take care to keep an

accurate register and monitor the Account's balance for pending transactions and cleared transactions in order to avoid unwanted fees and other items being returned.

k. Available balance: Each time the Card Holder uses the Card, a hold is immediately placed on funds in the account, reducing the available balance to pay checks and other debits that are presented to the Bank for payment.

l. Holds on the account: Typically, debit-card transaction "holds" are for the amount of the actual purchase, but in some instances, they may be for a different amount as MasterCard's rules permit "authorization" holds based upon an estimated amount of the transaction, and, in some instances, may include additional amounts authorized under MasterCard's rules. The Card Holder agrees that such a "hold" may be placed on his account/accounts in the amount authorized. These authorization holds can affect the Card Holder's available balance for other transactions. The amount of your available balance will be decreased by the amount of the "hold" for as long as the "hold" is in effect. This means that funds on "hold" will not be available for withdrawal, transfer or payment. In each instance, the Card Holder is responsible to the Bank for the amount that the Bank settles based upon either the placed-hold limits or the final amount presented and settled. The Card Holder will remain responsible to the Bank for settlement of all pre-authorized transactions even if such transactions come after the hold is removed. This is another reason that the Card Holder should take care to keep an accurate register and monitor the Account's balance for pending transactions and cleared transaction to ensure that sufficient funds are in the Account at all times.

m. Overdraft on Account of Pre-Authorized Transactions: Please note that while the Bank does not provide any overdraft facility on your debit card transactions, the Bank shall have right to recover funds from you if your account gets over-drawn because the Bank has settled a preauthorized transaction done at a Merchant Establishment using your debit card or on account of other such transactions done using your debit card. You agree that you will remain responsible to the Bank for the amount by which your account is overdrawn. Any two occurrences of your account having non-sufficient funds to cover a pre-approved/ authorized debit card transaction will lead to closure of your account and cancellation of the linked debit card facility.

n. Cancellation of Merchant debit-card authorizations: Generally, the Bank is not permitted to allow the Card Holder to cancel a hold within MasterCard limits for Transactions that were authorized by the Card Holder. If, however, the Card Holder suspects that a Transaction was fraudulent or otherwise unauthorized, the Card Holder should contact the Merchant and the Bank for possible ways to chargeback the debit. Please see the Error Resolution Procedures in subsequent paragraphs for more information.

o. Notice Regarding Money Market Deposit Accounts: If the Account is a Money Market Deposit Account, certain limitations on transactions apply. A maximum of 6 transfers or withdrawals, or a combination of such transfers or withdrawals, are permitted during a calendar month or statement cycle of at least four weeks, including transfers or withdrawal by check, ACH to third parties, and/or Debit Card transactions with Merchant Establishments. However, any number of the following transactions using the Debit Card at an ATM are permitted: transfers of funds between your own Accounts held with the Bank and balance inquiries.

p. International Transactions: Additionally, Card Holders may use the Card at ATMs and Merchant Establishments in countries other than the U.S. and in currencies other than U.S. Dollars. Transactions will be converted to U.S. dollars. The exchange rate is established by MasterCard and not the Bank. The use of the Card may be restricted with respect to certain foreign countries as required by U.S. laws and regulations. Any offer or option for exchange rate given by any ATM machine is no way related to SBI NY Branch and they are offered by local ATM service provider. Your account will be debited based upon the option selected by you.

q. Fees: The Bank provides the Card at no charge, subject to such charges as Bank may make from time to time with advance notice as provided by law. When you use an ATM not owned by us, you may be charged a fee by the ATM operator and you may be charged a fee for a balance inquiry even if you do not complete a fund transfer. Cash withdrawals and balance inquiries may be subject to a fee (if used outside the STAR Network) and will be debited to the Account at the time of such transactions but will be credited back to your account by the Bank subject to Bank's policy.

q. ATM Safety: The Bank urges Card Holders to use caution when using the Card at an ATM:

- Be aware of surroundings, especially at night. Look for well-lit ATMs, and do not use an ATM if any suspicious

surroundings are observed.

- Have the Card and any other materials necessary for the Transaction ready before approaching the ATM. Do not search through a purse or wallet at the ATM.
- Secure cash immediately upon removal from the ATM. Count the cash later in the safety of a vehicle or home.
- Remember that activity at ATMs is recorded by a surveillance camera.
- When using an ATM vestibule, close the entry door immediately upon entering and exiting. Do not permit unknown persons to enter after regular banking hours.

10.1 What is a Tax Identification Number (TIN)

Under section 6109 of the Internal Revenue Code you are required to furnish and certify your Tax Identification Number (TIN) to us, or if you are a non-resident alien, to certify your foreign status. You can do this either on IRS Form W-9 (Request for Taxpayer Identification Number and Certification) or on IRS Form W-8BEN (Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding).

10.2 For individuals who are U.S. citizens or resident aliens, the Social Security Number is TIN. For most non-individual accounts such as trust, partnerships, corporations, etc., the Employer Identification Number (EIN) is TIN.

10.3 What is Back-Up Withholding?

Under certain conditions, we may be required to withhold and pay to the IRS a certain percentage of the interest paid to you as prescribed by the IRS. (For current rate, please refer to the IRS website (www.irs.gov.) This is called back-up withholding. While this is not an additional tax, it may be in your interest to avoid back-up withholding. You can usually avoid back-up withholding by furnishing us with your correct TIN, certifying your TIN, reporting all your taxable interest and dividends on your tax return, or certifying that you are a non-resident alien and by submitting a valid W8-BEN periodically, i.e., every three years.

10.4 US Citizens or Resident Aliens -- What TIN Should You Give to the Bank?

Individual	The individual
Two or more individuals (joint accounts)	The first individual named on the account
Custodian account of a minor (Uniform Gift to Minor Act)	The minor
The usual revocable: Savings Trust (grantor is also trustee)	
Trust account that is not a legal or valid trust under State law	The grantor-trustee The actual owner
Sole Proprietorship	The owner

10.5 When Are Payments Subject to Back-Up Withholding?

Payments you receive will be subject to back-up withholding, if:

- You do not furnish your TIN to the Bank
- IRS notifies the Bank that you furnished an incorrect TIN
- You are notified by the IRS that you are subject to back-up withholding because you failed to report all your interest and dividends on your tax return (for interest and dividend accounts only)
- You fail to certify to the Bank that you are not subject to back-up withholding; or
- You fail to certify your TIN. (This applies only to interest and dividend accounts opened after 1983.)
- You have not submitted valid W8-BEN periodically, i.e. every three years.

10.6 Who is a Non-Resident Alien?

The term non-resident alien means an individual who is neither a U.S. citizen nor a resident alien. Non-resident aliens must certify their foreign status by completing Form W-8BEN (Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding). When you complete Form W - 8BEN you certify that you are a non-resident alien individual, foreign entity, or exempt foreign person not subject to certain U.S. information return reporting or backup withholding rules. Non-resident aliens can avoid being subject to backup withholding by recertifying their foreign status every three years.

10.7 Who is a Resident Alien?

For income tax purposes, an alien is considered to be a U.S. resident if:

- The individual was a lawful permanent resident of the United States at any time during the calendar year, that is, the alien held an immigrant visa (a green card), or
- The individual was physically present in the United States for:
 - i) 31 days during the current year, and
 - ii) 183 days during the 3-year period that includes the current year and the 2 years immediately before that, counting:
 - a. All the days you were present in the current year, and
 - b. 1/3 of the days you were present in the first year before the current year, and
 - c. 1/6 of the days you were present in the second year before the current year.

10.8 Caution:

Form W-8BEN does not exempt the payee from the 28% (or lower treaty) withholding rates. See IRS Pub.519 (U.S. Tax Guide for Aliens) for more information on resident and non-resident alien status.

10.9 Who is Exempt?

For purpose of Form W-8BEN, you are exempt from certain information reporting or back-up withholding rules for a calendar year in which: You are a non-resident alien individual or a foreign corporation, partnership, estate or trust, and You are not engaged, or plan to be engaged during the year, in a U.S. trade or business that has effectively connected gains from broker or barter exchange or your country has tax treaty with the U.S. that exempts your transactions from U.S. taxes. Unless both of these criteria are met, you are subject to U.S. information reporting and withholding rules.

10.10 Who May Not File Form W-8BEN?

If you are a non-resident alien individual married to a U.S. citizen or resident and have made an election under section 6013(g) or (h) of the Internal Revenue Service Code, you are treated as a U.S. resident and may not use Form W-8BEN.

10.11 When to File?

You should file Form W-8BEN or substitute form before you receive any payment. Otherwise the payer may have to withhold and send 28% (or at another rate prescribed by the IRS) of the payment to the Internal Revenue Service. Form W-8BEN certification generally remains in effect for three calendar years. Thereafter, recertification of status is necessary.

10.12 Backup Withholding:

Interest payments under section 6049(a) of the Internal Revenue Code are reportable payments subject to backup withholding rules. If backup withholding occurs, an exempt foreign person who is a non-resident alien individual may get a refund by filling IRS Form 1040NR, U.S. Non-resident Alien Income Tax Return, with the Internal Revenue Service Center, Philadelphia, PA 19255, even if filing the return is not otherwise required.

10.13 U.S. Taxpayer Identification Number:

The Internal Revenue law requires that certain income earned by non-resident aliens be reported to the Internal Revenue Service using U.S. Taxpayer Identification Number (TIN). This number can be a Social Security Number or an Employer Identification Number (EIN) assigned to business and other entities by the Internal Revenue Service.

Payments to account holders who are foreign persons (non-resident alien individuals, foreign corporations, partnerships, estates or trusts) generally are not subject to U.S. reporting requirements. Also, foreign persons are not generally required to have a U.S. Taxpayer Identification Number, nor are they subject to any backup withholding because they do not furnish such a number to a payer or broker. However, foreign persons with income effectively connected with a trade or business in the United States (income subject to regular graduated income tax), must have a TIN.

10.14 How to Apply for a TIN:

To apply for a TIN, use Form SS-4 (Application for Employer Identification Number) available from the IRS or downloadable from their website (www.irs.gov) or Form SS-5 (Application for a Social Security Card) available from the Social Security Administration.

10.15 False Certification:

If you file a false certification when you are not entitled to the exemption from withholding and reporting, you may be subject to fines and/or imprisonment under the U.S. perjury laws.
